

POWERS

2012

Sheridan Vineyard

Reserve Cabernet Sauvignon

This vintage shows layered aromatics of dried cherries, cassis, sage, and a touch of chalky stone on the nose. The palate has diverse flavors of dried cherries, spices, minerality, and a generous touch of rich red fruits for a remarkably complete mouthfeel. Part of what we love about Sheridan, and what we think sets it apart, is the very complex mineral finish with fine integrated tannins. The fruit intensity and sturdy acidity is balanced by a deft touch of oak.
