

# POWERS

2014

## Merlot

Inviting aromatics of raspberries, cherries, currant with a slight touch of basil and hints of eucalyptus, these are the range of aromas that you expect from a Washington State Merlot. This wine is intensely gratifying on the palate, with flavors of blackberries, cherry, licorice, and cocoa with hints of bright red cherry and a touch of spice. With A great range and depth of flavors, this wine has great mouthfeel that leads to a complex finish with fine integrated tannins and structure.
